## Customer Profile

Amalthia Trading Ltd is a family business in the fruit and vegetable market since 1940. The initial vision was to maximize the produce selection of Cyprus by importing top quality fresh fruit and vegetables. Amalthia started with low import levels concentrating on standard products such as apples and pears.

Today, the company is the largest imports distributor in the island of Cyprus offering a vast array of products and supplying a wide variety of produce traders including wholesale markets, hypermarkets, supermarkets, small and medium grocery stores, cruise ships, hotels and restaurants.

Through-out the years, Amalthia managed to achieve strong global presence and to earn great respect both from its suppliers and customers.
