Objective

- Integrate all business activities into a single cost-effective, scalable platform to support future growth
- Reduce costs by moving logistics processes in-house from a third-part logistics provider
- Automate batch picking for multiple orders

Why SAP?

- Provides limitless possibilities for future implementation of additional processes
- Includes Migration tools and support for transition from SAP® Business One to SAP Business All-in-One solutions
- Confidence in local SAP partner Supernova and their extensive knowledge of SAP Business All-in-One

Benefits

- Short 12 week implementation based on ASAP with minimal business disrupt
- Process automation reduces costs by allowing more work to be done with fewer people
- Previous error rate of .23% reduced to .05% and a decrease in redundancy mistakes saves time and money on restocking and increases customer satisfaction
- Seamless and accurate migration of data from SAP Business One to SAP Business All-in-One

“The integration of all our business activities into Business All-in-One was the best strategic decision for our company as it gives us the competitive advantage in today’s market.”

Stephanos Constantinou, Managing Director, Mefal

Seamless

Integration of all business activities

Unlimited

Possibilities for future implementation

Quick

12 week implementation
